# AMBASSADOR OF ITALY TO THE KINGDOM OF SAUDI ARABIA

Dear Visitor,

I wish to warmly welcome you to the 2024 Big 5 Saudi fair and in particular to the Italian Pavilions, located respectively in the areas dedicated to i) Stone & Surface, ii) Heating, Ventilation & Air Conditioning (HVAC) and iii) Construct.

Italy has traditionally been one of the most represented countries at Big 5 Saudi, which attracts thousands of international companies from all over the world. This year nearly 100 Italian companies will attend this globally-recognized construction fair, exposing state-of-the-art technologies and very high quality products.

The Italian industry is well-placed in many construction products, notably marbles, granites and natural stones, as well as machineries and complete plants to quarry and process natural stones. With respect to the HVAC sector, our companies are well-known for their historical tradition of design, style and technological innovation. In the field of construction, a growing number of Italian SMEs are working hand in hand with hundreds of Saudi business partners on a wide array of projects, thus contributing every day to the

Kingdom's impressive urban, housing and construction projects.

Over time, Italy has indeed become a key partner for Saudi Arabia's strategic investments under Vision 2030. Top Italian companies stand as major implementers of milestone initiatives, such as the development of the Diriyah Gate in Riyadh, Red Sea Global project, Al Ula's Master Plan and ultimately the smart-city of NEOM.

Saudi Arabia is therefore Italy's main economic partner in the Middle East and North Africa region and construction projects are among the most promising and steadily-growing areas of business. Building on past experience and sound knowledge of the Saudi market, Italian companies are willing to further contribute to upcoming projects in the Kingdom, as laid out in the Vision Realization Program for Housing.

The Embassy of Italy in Riyadh, the Consulate General in Jeddah and the Italian Trade Promotion Agency in Riyadh stand therefore ready to support Saudi businesses in dealing with their Italian

counterparts with a view to achieving mutually and long-standing beneficial results. Enjoy your visit at the 2024 Big 5 Saudi fair!

ROBERTO CANTONE

**Ambassador of Italy to the Kingdom of Saudi Arabia**

A handwritten signature in black ink, which appears to read 'Roberto Cantone'. The signature is written in a cursive, flowing style.

## DIRECTOR ITALIAN TRADE AGENCY

Dear Visitor,

I am very glad to welcome you on behalf of the Italian Trade Agency to the Italian Pavilions at the Big 5 Saudi Exhibition - Stone & Surface Pavilion, where you can meet 57 Italian companies dedicated to the stone industry, HVAC R Expo Saudi Pavilion, where you have the chance to meet with over 21 exhibitors, representing high quality products and technologies and third Pavilion – where you can meet 19 Italian companies dedicated to construction, road and earthmoving machinery, mining Machinery, quarry, construction site, machines and lifting equipment e movement.

Italian industry is leader worldwide in many products in the construction sector – and in particular, regarding the Big 5 Saudi, in marbles, granites and natural stones, machinery, complete plants, tools and complementary products to quarry and processing natural stones, and in HVAC sector - and is well known for its skills in satisfying the specific needs of its clients and partners, thanks to a historical tradition of craftsmanship, style, innovation and research.

The Italian Trade Agency - that has organized the participation of the Italian companies at the Big 5 Saudi in collaboration with the two important manufacturers associations Confindustria Marmomacchine, UNACEA and ANIMA Confindustria Meccanica Varia, with a network of offices in more than seventy countries, is the government agency that supports the business development of Italian companies abroad and promotes their collaboration with foreign partners. You are therefore welcome to our Pavilions, and please don't hesitate to ask for the assistance of our staff, who will be glad to introduce you to the Italian companies and support you in finding an Italian partner matching your business needs.

Romano Baruzzi  
**Trade Commissioner**  
**Italian Trade Agency**  
Riyadh Office

# CONFINDUSTRIA MARMOMACCHINE

The Italian MARMOMACCHINE Association - briefly, CONFINDUSTRIA MARMOMACCHINE - is the Italian Association of Producers and Processors of Marbles, Granites and Natural Stones in general, and of Manufacturers of Machinery, Complete Plants, Tools and Complementary Products to quarry and processing Natural Stones.

The more than 350 companies and territorial consortia belonging to CONFINDUSTRIA MARMOMACCHINE, located in all the major Italian production districts, guarantee the association broad representation, in Italy and worldwide, as well as a role as sole sector interlocutor with ministries, ITA-Italian Trade Agency, Confindustria, standardization boards like UNI and CEN, labor unions, universities and polytechnics, Italian and foreign federations and associations, Tradefairs in Italy and around the world.

The association has always engaged in intense technical job training in Italy and abroad, organizing, managing and creating highly specialized educational programs and technological centers in various parts of the world, with the involvement of local governments, institutions and associations.

Zagross Marmi is a 20yo Italian company specialised in the production and export of white marbles. Our two branches are located in Carrara, Tuscany and in Comiso, Sicily. Thanks to our strong partnerships with the most important quarries, we manage to obtain quality and competitive prices. We are dealing with all types of white marbles coming from the Carrara/Versilia district such as Statuario, Calacatta, Statuarietto, Arabescato, White Carrara, and other coloured materials like Calacatta Viola, Calacatta Monet, Paonazzo, Bardiglio.
